A resolution to start a library consisting books on various political philosophies in connection with the Gandhi centenary was referred unanimously to the Standing Committee by the City Municipal Council yesterday.

Moving the resolution, Sri Vedantha Hemmige said there was a need for such a library to educate the people, specially the youth, in various political philosophies.

Sri Chowdiah seconded the resolution.

Sri B.C. Lingiah, leader of the Opposition Congress party, pointed out that the Sri Hemmige had moved a similar resolution to develop the Band Park area in Nazarbad as Mahatma Gandhi and Kastur Ba Gardens. The Council also referred to the Standing Committee another resolution of Sri T. V. Srinivasa Rao moved by Sri B. N. Kenge Gowda to put up a modern market building at Nanju Malige.

The Congress members opposed the resolution and said that a small market had already been constructed and remained unoccupied and now to construct another market at a nearby place would be a waste of public funds.

Sampath Honoured

Sampath, (Sri M. S. Cheluva Iyengar), veteran amateur dramatist, was honoured yesterday by his friends and admirers for his nearly four decades of service to amateur theatre, at a function held at the Maharaja's College Centenary Hall

After welcome by Sri R. Gururaja Rao, President of the Felicitation Committee, Sri Sindhuvalli Ananthamurthy read the messages. Various institutions and individuals offered garlands to Sampath. Cine artiste K. S. Aswath presented a shawl to him.

Sri G P. Rajarathnam, on behalf of the Samithi, presented a shawl and a replica of a theatre made by Sri Shoukat Ali. Smt. R. Vasudeva Murthy presented a saree and a blouse piece to Smt. Chelva Iyengar. Sri R. Vasudeva Murthy presented a purse of Rs. 3000 to Sampath.

Sri Rajarathnam praised the contribution of Sampath to the amateur theatre and said he had applied his body, mind and soul to it.

Although Sampath did not know the art of making money, he had obtained satisfaction, a fulfilment of his desire to serve on the stage, he said.

Sri Rajarathnam compared Sampath to the character of 'Poli Kitti' of Kailasam, whose heart was good and who served one and all.

Messrs. H Subba Rao, M. N. Parthasarathy and M V. Krishnaswamy paid tributes to Sri Cheluva Iyengar and recalled various incidents in the life of Sampath.

He had grown in the tradition of the famous dramatists, Sri Varadachar, Bellary Raghavachar and others. By honouring Sampath they were honouring the creative spirit in man, they said.

Sri Krishnaswamy suggested setting up of two national theatres, one each in Mysore and Bangalore, to train young amateur dramatists and use services of men like Sampath.

Sri Cheluva Iyengar thanked for the honour given to him and said the honour belonged to all artistes in the field

He called upon students to take up experimental plays as professionals could not undertake them and see that amateur theatre was kept alive.

Sri V. K. Srinivasan (popularly known as "Bulla"), who presided, paid glowing tributes to Sampath. He read a poem written in Sampath's honour.

THREAT TO FREEDOM OF PRESS DECRIED

Mysore, Sept. 29

Dr. Nagappa Alva, MPCC President, said here yesterday that freedom of the press was an absolute necessity and there should be no threat to it.

Presiding over the golden jubilee of 'Satyavadi', a Kannada daily, Dr. Alva said that newspapers had played their vital role in securing independence to the country. Even now their role was vital.

It was painful to hear threats to control the press. The Goernment, in his view, should not run any newspaper. It should only through pamphlets and magaziness publicise its achievements.

The newspapers, on their part, should realise their responsibility and know in what way they should use their freedom. They must educate the people and instil patriotism in them. They must focus the real public opinion, the MPCC President said.

Unfortunately, importance was being given to politics and men in power. This must be given up. Newspapers should not yield to any influences of men in power, Dr. Nagappa Alva added.

Messrs. Agaram Rangiah, N. Srinivasa Murthy, T. Narayana, N.N. Sastry, H. L. Srikantamurthy, B. C.Lingiah, and Sri Chikkaveeriah spoke. Sri Mukunda Rao welcomed the gathering. Sri M. S. Krishna Rao, Editor, explained the growth of his paper. Sri Chandrasekhar proposed a vote of thanks.

GANDHI CENTENARY FEATURE

SATYA VERSUS SATYAGRAHA

By J.B. KRIPALANI

Gandhiji often said that he had nothing new to give to the world. He had no intention to form a sect of his own. He claimed no followers. About truth and non-violence he said these are "as old as the hills". Where then was his special contribution to the thought of the world and to the solutions of its problems, specially in the political and international fields. There are several aspects of these questions which can be discussed. I propose to treat here only one aspect which, I am afraid, has been neglected so far.

It is true that truth and non violence are as old as the hills. Not only were the prophets and reformers, but millions of ordinary people are also truthful. As a matter of fact untruth cannot prosper in the world without the help of a large dose of truth. If all men were untruthful, all communications would cease Nobody will then trust the world of nobody. But because people do expect that those with whom they have dealings of any sort will keep their word that communications are possible It is only thus that the affairs of the world can and do go on.

It is well known that there is a great deal of deceipt in every sphere of life. This is more so in the commercial world. Yet it is a fact that a merchant's word given to another merchant is usually as good as his bond If this were not so, no transactions would be possible. Transactions worth millions of rupees, pounds, dollars etc, are carried on by mere word of mouth.

Nothing can be mere deceiptful than international diplomacy. It is said that treaties are treated by nations as scraps of paper when they do not serve their interest as conceived by them. Yet treaties and agreements are again and again made among nations everyday. As soon as one treaty is broken another is made, or else there would be no communications between nations.

Where then comes Gandhiji's special contribution? It lies in the fact, that Satya was made into Satyagraha, truth was made into insistence on truth. It was made into a weapon to fight untruth, injustice and tyranny. It was made dynamic and contagious Even today millions of people are truthful. But do they fight untruth? We find millions of truthful people but few who would risk their ease and comfort and even their lives to see that truth prevails If they are merely truthful, they are Satyawadis (truthful) but not satyagrahis, prepared to bear any consequences in pursuit of it. They are only followers of truth but not its soldiers. Whenever they have fought for truth they have done so through untruth. Will a double untruth turn into truth by some magic wand? To be a follower of truth in Gandhiji's sense one has to become a crusador of truth; one has then no weapon other than truth to fight untruth. This will add truth to truth and not untruth to untruth.

Discrimination In Medical Seats

Mysore, Oct 1

Sri J. M. Coutinho yesterday criticised in the Municipal Council the great discrimination in allotment of seats in medical colleges between the Mysore and Karnatak Universities.

He pointed out that students even with 50 to 55 per cent minimum marks had secured seats this year in the Karnatak University where as in Mysore University the minimum was as high as 75 per cent. Even in regard to the allotment of seats to the children of defence personnel this disparty could be seen.

Sri Coutinho wanted the President to write to the Registrar of the Mysore University to extend time for admitting students to colleges in view of delay in announcent of seats in medical colleges.

Leader of the Opposition Congress B C Lingiah criticised the President for releasing the programme of PWD works to the press before giving copies to the Councillors. The President had ignored the Council, he said.

President M. N. Thimmiah said although copies had been sent a day prior to their release some members had not received them and such delays would be avoided in future.

Sri Lingiah also wanted the President to urge on the Vice Chancellor to shift the Music and Dance College immediately so that the All India Radio station sanctioned for Mysore City was started before the official year.

The exhorbitant rates collected by autorickshas came in for severe criticism by Sri B C. Lingiah and Sri Ganesha Rao Sri Chowdiah criticised the high rates charged in hotels for beverages and etables.

Sri Ganesha Rao complained that the road work in Vidyaranyapuram had not been done properly.

Sri B K Puttiah, Chairman of the Works Committee, agreed with Sri Ganesha Rao and said that strict action would be taken against the contractor.

GANDHI CENTENARY FEATURE

SATYA VERSUS SATYAGRAHA

By J.B. KRIPALANI

(From yesterday's issue)

The same is the case with non-violence of Gandhiji's conception. Very few people practise violence in the ordinary affairs of the world. They go about peacefully in their lives. They rarely fight with their neighbours and even whenthey do, it is merely a wordy war If they were to fight constantly with their neighbours, there would be no neighbours left. Are all these millions and millions of people non-violent in Gandhiji's sense? Evidently not, what then is lacking in their non violence. May I suggest that what is lacking is resistence. Gandhiji's movement was not merely non violent, it was non-violent resistence. It was not merely civil. It was civil disobedience

Why again did Gandhiji think of non-violent resistence? Because as the world goes today, one murder leads to another murder by common consent This only means that people who allowed the second murder are at least accessory to it If common opinion were against the second murder, it would be avoided. This clearly shows that violence cannot cure violence. Chirst said long ago, "Satan cannot be exercised by Satan".

How then is violence to be tackled? By fighting it through non violence and not by violence. Fighting violence with violence is being done everyday but that is not non-violence as Gandhiji wanted from the non violent resisters. We are civil without being civil resisters, in the calls of justice

I am afraid we who think we have received our light from Gandhiji, are only satyawadis; we are not satyagrahis We are civil but not civil resisters. It is this partial acceptance of Gandhiji's philosophy of satyagraha that had made us so ineffective after independence. We have ceased to be satyagrahis. MAKE A NEW BEGINNING

PRESIDENT & PM CALL TO PEOPLE

President V.V. Giri and Prime Minister Indira Gandhi yesterday called upon the people individually and collectively to search their hearts, cleanse themselves of impurities and make a new beginning on the occasion of the birth centenary of Mahatma Gandhi.

In separate broadcasts, they expressed their anguish over the communal riots in Gujarat and called upon to uphold the fundamental tradition of reverence and respect for others.

The Prime Minister in her broadcast said the communal riots had made a mockery of the Gandhi centenary celebrations.

"If we truly wish to celebrate Gandhiji's centenary, we can do so only by fighting the evil of religious fanaticism as he did, ready to sacrifice our own lives to protect the rights of others," Smt. Gandhi said.

Too Much Of Politics In India

—BADSHAH KHAN

Khan Abdul Ghaffar Khan told newsmen yesterday that during his short stay, he had found that Indian politicians busied themselves in 'politiking'.

Political parties and groups in India had the same aims but there was no cooperation and love among them.

There are few people who have any concern for the people and the country, he said.

Badshah Khan said 'everybody is worried about his own interests. I have seen selfishness but no sacrifice'.

He said that as in Pakistan also in India, poor people had become poorer and the rich had grown richer.

Asked 'why don't you spend the rest of your life in the land of Gandhiji', the Khan said that he was only a 'khudai-khidmatgar' (servant of God). Selfishness and dishonesty were rampant. How would his stay here help.

He had come on a visit to India to remind people why the Indian nation was behind other countries in the world. While India lagged behind, other countries progressed.

Badshah Khan said he would willingly discuss with any party or group steps that could lead India out of darkness and misery.

Acharya Vinoba Bhave has coined a new word to describe the tendency of the people of India in looking to others for their own welfare He called it 'they-ism'.

The Acharya said people appeared to underestimate their energies and strength and sought help from others. The people always thought in terms of 'they will do for us'.

The sooner the people got rid of this 'they ism', the better it would be, he said adding that only the concept of gramarajya could give the people strength of thinking on proper lines and create confidence among them that they themselves could be instrumental for their welfare and progress.

LALITHA MAHAL AS HOTEL

Sri Veerendra Patil defended converting Lalitha Mahal, on which the Government was spending Rs. 35,000f5 maintenance, into a posh hotel Many beautiful palaces in North India had been converted into first class hotels, he said.

'I do not know why people are so sensitive about this', he said The Government was also receiving very favourable tenders. However, Sri Patil said that he did not want to hurry through which might harm the people's feeling.

AIR STATION

He said the Centre had written to him for a building to start AIR Station in Mysore. On the assurance of Vice Chancellor Shrimali he had written that the old Akashavani buildings would be made available. The Station might not be a mere relay station, the Chief Minister added.

VARUNA CHANNEL

On the Varuna channel, Sri Patil said that the Government had not been able to take a decision on the Technical Committee report.

Commission Awards Binding

Bangalore, Oct. 25

Sri Dharma Vira, the new Governor, yesterday, expressed his personal view that whenever a commission was appointed to solve inter-State disputes, one should abide by it.

'What is the good of appointing a commission when you don't abide by it', he asked, adding 'in that case, you can decide things for yourself'.

When asked about his views on the Mysore-Maharashtra boundary dispute, Sri Vira said he was only stating a general principel, which any Government should adopt if it should not invite troubles. It was not for him to go into the merits of the Mahajan Commission recommendations.

The Governor said any Government should take quick decisions in such matters. The more it delayed a decision on them, the more complicated the issue would become.

He said that all the States in the Indian Union should realise that they were not independent of each other. This was one country. Given this goodwill and the realisation that nothing goes out of the country as long as something was exchanged between the two States, it was quite possible to solve such problems.

It is stated that the strategy of Sri Nijalingappa and his supporters was to issue orders of suspension against Smt. Gandhi, Sri Jagjivan Ram and Sri Fakbruddin Ali Ahmed and ask the Parliamentary Party to elect a new leader before Parliament meets on Nov 17

Such a move, if made, will disable Smt. Gandhi and her supporters from attending the Working Committee tomorrow.

UF Administration Attacked

Mysore, Oct. 31

Bitter criticism of the year-long United Front administration of the City Municipality was made here yesterday by Sri D.R. Krishna Murthy, a "conscious voter and tax payer".

Addressing a press conference, Sri Krishna Murthy said that although the citizens did not hope sweeping changes in the administration, they expected speedy disposal of papers, improved cleanliness, water supply, end to regular increase of house taxes and less corruption.

On the other hand, the salaries of the President and the Vice President had been increased by almost 100 per cent, the budgeted amount of Rs 2,500 for lunch for one year had been eaten away within a few months, proposed lavish expenses on schemes like cement concreting the foot-path of the Municipal Office, conversion of Dhanvantri road into a double road, costly journey to to Coimbatore by the President to see Gujari shops and study tour of Councillors at a cost of Rs 8,000.

Sri Krishna Murthy criticised the unauthorised occupation of the 101 houses in the Agricultural Colony for Harijans. The UF members had oow regularised it, he said.

He called upon conscious voters to decide whether the administration by the UF had proved any better than in the previous years and if not to throw them out of power.

SN'S LETTERS TO INDIRA

Congress President Nijalingappa has written two letters to Prime Minister Indira Gandhi asking for a note from her on the action taken by the Government to implement the party's 10 point economic programmes for consideration by the Congress Working Committee on Nov. 1.

The first of the letters was written on Oct. 24 and he reiterated the request in a second letter yesterday.

In his eight page letter, Sri Nijalingappa complained of non-implementation by the Government of the programmes which could have been easily undertaken. He particularly pointed out the Government's failure to abolish privy purse and privileges of the ex-rulers.

He also catalogued what in his view were Smt. Gandhi's acts of commission and omission which had damaged the interests of the Congress.

WORLD WITHOUT WAR AND HUNGER

President V.V. Giri yesterday reaffirmed the idea of 'one world' and a world without war and without hunger. He, however, warned that 'mankind was today facing the grim alternatives of annihilation or survival'.

He was inaugurating the 57th Conference of the Inter-Parlimentary Union at New Delhi.

The President told parliamentarians of 69 nations that a parliamentary system flourished and was sustained not by rigid adherence to rules of procedure but by its capacity to respond and react purposefully to the needs of the people whom it sought to govern.

Sri Giri said 'In spite of the chaos and confusion that we face today, I firmly believe that the world is groping towards unification and one could perceive, perhaps dimly, the birth of a world without war and hunger'.

SHOW-CAUSE NOTICE TO PRIME MINISTER

Congress President Nijalingappa has sent to Prime Minister Indira Gandhi a show-cause notice as to why disciplinary action should not be taken against her because of her recent activities.

The letter, it is learnt, made specific reference to Smt. Gandhi's boycott of the CWC meeting on Nov. 1 and the decision at the parallel meeting presided over by her to convene a session of the AICC in Delhi on Nov. 22 and 23.

Indira Gandhi's Reply

In her reply to the notice, the Prime Minister has said that the party constitution has been violated by those who have gone against AICC members who have called for a requisition meeting of the AICC.

Smt. Gandhi said she cannot decline to discharge her responsibilities as the Leader of the Congress Parliamentary Party which were expected of her at this juncture

She said it was not possible for her or for anyone else with concern for democracy to sit as silent spectators when basic rights of AICC members to meet and express their views were being stifled.

The Congress Party, as a democratic organisation, must necessarily reflect and repond to the massive urges of the people and party members, she said.

★The Supreme Court has fixed Dec. 1 for hearing the election petitions against President V. V. Giri.

Split In CPP Executive

They said: 'we fully support the Government's stand on the Rabat conference and its policy on West Asia'.

The critics of Smt. Gandhi said that the cancellation of the executive's meeting yesterday 'reduces the executive to a nullity. This is not the democratic way'. The critics of the Government included Smt. Sucheta Kripalani, Smt. Tarakeshwari Sinha and Sri C. D. Pande.

SN-INDIRA TALKS FAIL

The talks between Prime Minister Indira Gandhi and Congress President Nijalingappa to resolve the crisis in the party have failed.

Smt. Gandhi, who had 75 miniute talks with Sri Nijalingappa over lunch at her residence, later telephoned and cancelled the dinner meeting with the Congress President at his residence.

The Prime Minister said that no useful purpose would be served by meeting as the Congress President had told her that it would not be possible for him to hold organisational elections as suggested by her.

At her luncheon meeting Smt. Gandhi had suggested that the elections should be limited to the President's office, to the Pradesh Congress Committee Executive and to the AICC. There should be no election of PCC members.

She also put forward two proposals that the Working Committee should reconsider its rejection of the requisitioned meeting of the AICC and the three CWC members dropped by the President, Messrs. C. Subramaniam, Fakhruddin Ali Ahmed and Shankar Dayal Sharma, should be taken back.

Sri Nijalingappa made two counter proposals. They were : resubmission of the requisition in an acceptable form, asking for organisational elections from the middle level and that Sri Morarji Desai and other Ministers dropped from the Ministry should be taken back.

Chief Minister Veerendra Patil met Smt. Gandhi in the evening and told her that the Congress President felt it would not be possible for him to hold organisation elections as suggested by her.

Sri Nijalingappa later told newsmen that the unity talks had virtually broken down.

He said that she had informed him that his two proposals were not acceptable to her.

Congress Walk Out In Municipal Council

Mysore. Nov 19

Opposition Congress members yesterday led by their leader B C. Lingiah walked out of the Municipal Council in protest against the President's rejection to take the sense of the House on a Government order relating to formation of Gandhi and Kasturaba parks.

The Government order had apporved the ruling United Front Council's resolution rescinding an earlier resolution of the Council against land acquisition on the Mirza Road for formation of these two parks. The Congress party while in power last year had passed the resolution for acquiring the land.

When the Government order came for consideration, Sri B. C. Lingiah moved a resolution opposing the recording of the subject. Ruling party leader B N. Kenge Gowda pointed out that the issue was in the High Court and any reference would be subjudice.

Dr. P.D. Krishnaswamy pointed out that even the inclusion of the subject in the agenda and its recording would be subjudice and hence the subject should be deleted from the agenda.

President Thimmiah ruled out the motion of Sri B. C. Lingiah. This touched off a heated discussion and a series of points of order raised were also ruled out by the chair.

Sri B.C. Lingiah wanted the sense of the house to be taken on the subject which was also rejected by the President.

All the 13 Congress members as a protest against the Chair's decision walked out.

Apollo-12 astronauts who completed their lunar mission successfully are on the way to earth with their new treasure of moon rocks and parts of Surveyor spacecraft.

The two moonwalkers, Charles Conrad and Alan Bean, after spending over 31 hours on moon blasted off safely in the lunar module, Intrepid, into lunar orbit and linked up with the mother ship, Yankee Clipper at 11 31 p.m. yesterday.

During their moonwalk twice, they walked a distance of 2 4 kms. They collected lunar rock samples weighing about 40kgs. They left behind a plaque recording their moon venture and a lunar scientific station powered by a nuclear generator.

After conducting their own countdown, the two astronauts fired the take off engine of lunar module at 7.55 p. m Intrepid's lower half with the four landing legs and descent engine, served as a launching pad, was left on the moon

Conrad forgot on the moon a colour film in which he had recorded the earth rising on the moon.

After the successful take off they were in orbit for nearly 3½ hours and linked up with the command ship at 100 kms. above the moon and joined Richard Gordon who was orbiting alone. The docking took place without any hitch.

The two lunarnauts transferred the lunar samples and the parts of Surveyor into the command ship through the docking channel.

The lunar module was later dropped on the moon. The crashing sounds of Intrepid were heard at the Houston Space Centre relayed from moon by the instruments set up by the lunarnauts.

After resting for 9 hours the three astronauts fired the main engine of the command ship this afternoon and began the quarter-million mile trip back to earth to land on Tuesday.

Kannada Encyclopaedia Released

Mysore, Nov 22

The long-cherished dream of the Kannadigas was realised yesterday when the first volume of the 14-volume Kannada encyclopaedia was released by Education Minister K. V. Shankara Gowda at the Maharaja's College Centenary Hall under the auspices of the Mysore University. Dr. K.V. Puttappa presided.

Sri Shankara Gowda said that the encyclopaedia reflected the life of the people and was essential in all languages for all people.

Three things, he said, were essential for the development of Kannada language. They were the Kannada Encyclopaedia, Kannada-Kannada Dictionary and the Junior Encyclopaedia for children.

The Minister expressed the hope that the Kannada-Kannada dictionary work would be completed in about 5 6 years He wanted the other 13 Kannada encyclopaedia volumes also to be brought out within 6½ years.

Sri Shankara Gowda assured that the income of Rs. 13 lakhs from the sale of Kannada encyclopaedia would be set apart for continuing its review work.

Sri Gowda regretted that more students were not taking Kannada medium. One of the reasons was that Kannada had not become the official language of the State. He wanted education at all levels in Kannada medium.

Dr. Puttappa expressed happiness at seeing his dream of Kannada encyclopaedia becoming a reality. It set aside doubts that Kannada could not become the medium of instruction and the administrative language, he said.

Sri 'Kuvempu' called upon the elders and the teachers to create confidence in the minds of students to take up Kannada medium of instruction.

Sri Basavaraja Kattimani and Sri Niranjana, who spoke on behalf of the editorial board, praised the dedicated work of the encyclopaedia team of Manasa Gangotri.

Hold Thematic Exhibitions

Mysore Nov. 24

The 43-day-long Dasara Exhibition concluded here yesterday. Nearly five lakhs of people visited the exhibition. A sum of Rs. 1.89 lakhs by way of gate collection and Rs. 2.31 lakhs as stall rent was collected this year.

Presiding over the distribution of prizes, Industries Minister Rajasekhara Murthy suggested thematic display in holding exhibitions.

Every year a particular subject like industry, agriculture, education should be selected and the exhibition should highlight the progress achieved in that particular field, he said.

The Minister said that the Government was considering organising exhibitions at every district headquarters. It would also help those who came forward to conduct the exhibitions.

The Minister said that the present building was not helpful to make the exhibition more attractive as there was no open space to help the exhibitors construct their own stalls for attractive display.

Prof D. Javare Gowda, Vice-Chancellor, who distributed the prizes to the various stall holders and artists, stressed the importance of exhibitions. He called them as the "People's University".

He regretted that only a few people visited the arts section of the exhibition. Sri Gowda suggested to the Government to buy the valuable art pieces every year from the exhibition and exhibit them either in the Vidhan Soudha or in an art gallery.

Education Minister and Chairman of the Exhibition Committee K. V. Shankara Gowda welcomed the gathering. Sri Satish Chandra, Director of Industries, read a report. Sri T. V. Appe Gowda, Secretary, proposed a vote of thanks.

New Task For Congress

Sri C. Subramaniam, the interim Congress President, told the requisitioned meeting of the AICC yesterday at Delhi that the Congress had to work with cohesion and acquire a new image for the eradication of poverty and establishment of a socialist society.

He said the party would be judged hereafter by the competence with which it dealt with the economic and social problems and ushered in a socialistic society.

Sri Subramaniam hoped the organisation would now function in such a way as to make it a more cohesive and more democratic body. Differences of opinion on ideology and programmes could be sorted out through democratic discussions.

Setting forth the tasks before the organisation, he said the Congress had a great responsibility to regain the image it had during the freedom struggle.

To build a viable nation, the Government should give the first priority to development of science and technology. The second priority should be given to education and the third to the implementation of a child welfare programme, he said.

Indira's Pledge On Socialist Goal

Prime Minister Indira Gandhi yesterday assured the AICC that her Government would implement all the resolutions earlier passed by the party on socio-economic questions.

She re-dedicated her Government to the implementation of the decisions taken at Bhubaneshwar, Avadi and Bangalore.

The Government had made every effort to gear up the Planning Commission. Panels were formed and studies made at vaious levels to decide the courses to be followed to implement the economic policies, she added.

She said "Our main aim is to see that there should be equality among the people. This is possible if opportunities are provided to the have-nots to benefit from the measures".

If the people had respected the Congress during the freedom struggle, it was only because party men were fighting as efficient soldiers for freedom. The task today was diffegent. It was the eradication of poverty, economic development and the task of giving new light and hope to millions of the people.

Therefore, if the Congress had to get back the image it had lost, its mem bers should all become efficient soldiers in the eradication of poverty and in the establishment of a socialist system.

DON'T BUY CYCLE BADGES

CIVIC CHIEF'S CALL

Mysore. Nov. 25

Municipal President M.N.Thimmiah today gave a call to the citizens not to buy the cycle badges.

It may be stated here that the Municipal Commisioner has issued a notification asking the cycle-owners to buy the badges before Nov. 30.

Addressing a press conference, Sri Thimmiah said that the issue was before the Cabinet for a decision. In view of the recent political developments and the Chief Minister's frequent visits to New Delhi, the Cabinet had not been able to consider the subject

The Civic Chief said that during last week he had met the Chief Minister and the Municipal Administration Minister and urged for an early decision.

The Municipal President assured the cycle-owners that full protection would be given to them. He would request the Superintendent of Police not to take action on those who had no cycle badges, he said.

So far only 247 persons, out of 31,883 during the last year, had purchased the badges, he pointed out.

He would also request the Municipal Commissioner not to insist on the cycle-owners to buy the badges until the Cabinet took a decision on the Council's unanimous resolution, he said.

If the enforcement was insisted, Sri Thimmiah said, the United Front would organise an agitation.

In the budget meeting to be held in the last week of next month, the income from cycle tax would not be indicated in the coming year's budget, he said.

The Civic Chief also urged the Government to take an immediate decision in this regard.

Khan Raps Opposition

The suspicion of the majority against the minority was the root cause of communal clashes in India, Khan Abdul Ghaffar Khan told the members of Parliament yesterday.

He said that communal riots in Ahmedabad were the latest link in the chain of such riots in Ranchi, Jabalpur, Rourkela, Jamnagar and other places. In spite of mass massacre, loot and murder, not a single person had been hanged. "What is the use of law if the criminal cannot be punished", he asked.

The Frontier Gandhi said that riots were engineered by selfish men for their immediate gains and they succeeded in saving the culprits. This might lead to some temporary individual gains but weakened the nation.

He regretted that the disease of communalism had spread throughout the country. This brought disrepute and insult to India in foreign countries.

Ghaffar Khan lashed out at the Opposition in the country for being an 'Opposition for Opposition's sake' and asked them to act in a more responsible manner.

He said socialism was a way of life and not Government. He said that if socialism was not reflected in Government attitude and social conditions it was an empty slogan.

Badshah Khan reproached Parliament for its failure to come to the aid of Pakhtoons after the partition of India. 'Was it not your moral duty to help us', he asked.

CYCLE CHECKING PUT OFF BY A MONTH

Mysore, Dec. 1

The checking of cycles for having purchased the cycle badges have been postponed by the police by one month.

The Municipal Commissioner, it is learnt, has addressed a letter to the police asking them not to check the cycles which was to begin from today.

The Commissioner had earlier notified that Nov. 30 was the last date to pay the cycle tax and action would be taken on those who did not buy the badges. So far only about 400 people are said to have purchased the badges. The number of cycle owners in the city is more than 31,000.

A letter has also been addressed by the Commissioner to the Divisional Commsssioner seeking definite instructions regarding the collection of cycle tax, it is stated.

In the monthly meeting of the Municipal Council on Saturday, President M. N. Thimmiah said that in view of the Municipal Commissioner's notification in the gazette calling for any objections for cycle tax abolition in the city within a month from Nov. 20, his earlier notification asking the public to pay the tax before Nov. 30 had lost its meaning.

Sri Vedantha Hemmige and Sri T. V. Srinivasa Rao criticised the Government for not accepting the Council's unanimous decision to do away with cycle tax They asked the President to lead an agitation.

Sri Thimmiah said he had asked the police not to take action on cycle owners who had responded to his call not to pay the tax He had met the concerned Minister in Bangalore in this connection. Mysore, Dec. 1

Three new industries-- one major and two medium sized-- are likely to be started in Mysore City in the near future, Industries Minister Rajasekhara Murthy disclosed here yesterday.

Inaugurating the week-long Lalithakala Mahotsava under the auspices of the City Municipal Council at Town Hall, Sri Rajasekhara Murthy said the State Government had sent one industrial application to the Centre for its approval. No sanction of the Centre was required for the other two industries, he added

The Minister said that due to lack of response by the local industrialists, industries had to be started by outsiders. Of the applications received three had been approved by the State Government.

While approving, the condition had been laid down that they should employ the local labour, he said.

AIR RELAY STATION

Sri Rajasekhara Murthy also allayed any fear regarding starting of an AIR relay station in the city. The Centre had approved setting up of the relay station at the old Akashavani buildings in V. V. Mohalla, he said.

ROLE OF SERVICE ORGANISATIONS

Mysore, Dec. 1

The service organisations like the Lions International had an important role of inculcating in the minds of people a feeling of oneness and educating them to run a good life and a good Government. District and Sessions Judge N. R. Kudoor said here on Saturday.

He was addressing the members of the local Lions Club on the occasion of the eleventh charter nite celebrations. President P. M. Channabasavanna presided.

Sri Kudoor referred to the fall in moral standards in the country and said that unless we give up 'our double standard' in life, of preaching one thing and practising a different one, we cannot progress as a nation.

Indulging in tall talks and practising double standard was dangerous, he added.

After welcome by Sri W. Gururaja Rao, Secretary T. Srinivasa Pai explained the progress and achievements of the club. Sri R.R. Sastry read the messages.

Sri Kudoor also presented white canes and braille books to the inmates of the Deaf and Blind School.

Compensation To Landlords By Banks

Bangalore, Dec. 3

This suggestion was made both by Mysore and Maharashtra at the conference of Chief Ministers on the implementation of land reforms.

Accordingly, the banks should advance loans to the ryots on the security of their lands and recover the amount in easy instalments.

The total compensation to be paid in Mysore State is estimated to be Rs. 35 crores.

Sri Koujalgi said the removal of intermediaries was not a problem for the State as there were practically no intermediaries except a few in the Coorg district.

There were about 85,000 land resumption applications by landholders from which nearly 20,000 had been disposed of by the land tribunals. To speed up the disposal of application, it was intended to empower munsiffs to function as land tribunals

He said it would take three to four years to complete the implementation of land reforms in the State.

Rural Explosion Brewing

India is facing a disturbing situation in the villages which may cause an 'explosion' if the growing disparity among the rural people is not tackled effectively.

This forthright warning is given in a study made by the Union Home Ministry on the causes and nature of the current agrarian tensions.

The study was undertaken in view of the political connotations of the mounting tensions and discontent resulting from the widening gap between the relatively few affluent farmers and the large body of small landholders and poor agricultural workers.

This explosive situation that could rock India had been brewing up as the much-needed land reforms had not been carried out.

Need For Spiritual Edn.

Mysore, Dec. 9

The need for spritual and cultural education was emphasised by Governor Dharma Vira here yesterday.

Inaugurating the Jayanthi celebrations of Sri Shivaratreswara, the Governor said that most of the trouble among the youth and students arose because in our zeal for secularism we had tended to give no importance to spiritual and cultural education.

Education, he said, had three aspects. The mental education imbibed from books, physical education and the cultural and spritual education. He attached great importance to the cultural and spiritual education, Sri Dharma Vira added.

The Governor said that today's youth had onerous responsibilities to fulfil and the educational institutions should train the youth to be full citizens.

Film Subsidy Criticised By A.N. Krishna Rao

Government Aid For Cinemas, Says Minister

Mysore, Dec 15

A proposal to give financial assistance for the construction of cinema houses in taluk headquarters and other important rural centres was under the consideration of the State Government.

This was disclosed by Industries Minister Rajasekhara Murthy here yesterday at a function to felicitate Kannada cine-actor K. S. Aswath on his completion of acting in 100 Kannada films.

Sri Rajasekhara Murthy said that one of the reasons for Kannada films making less money was lack of theatres in rural areas.

The Minister detailed the steps taken by the Government to encourage the film industry So far, it had given Rs. 18 lakhs to 36 films and had given awards twice. Due to this patronage the studio in Mysore had expanded to five floors while four new studios were coming up in Bangalore, he said.

He expressed the hope that the theatre owners would not force the Government to bring in a legislation for compulsory exhibition of Kannada films and they would come forward for their exhibition.

Sri A. N. Krishna Rao, the well-known novelist, in his presidential address, criticised the State Government for indiscriminately giving subsidy to all Kannada films.

He lamented over the poor quality of Kannada films and said during the last 30 years we had not produced even five pictures worth naming, whereas one film like 'Chemeen', 'Avvayyar', 'Pather Panchali' was enough for Kerala, Madras and Bengal. The Kannada films did not in any way reflect our culture and tradition, he said.

Sri Krishna Rao also came down heavily on the reputed Kannada artistes for accepting roles in cheap picutres. For both producers and actors money seemed to be everything, he regretted.

Film star Udaya Kumar said that film industry was in the holds of capitalists and because of them their quality had suffered.

The speakers praised the services of Sri Aswath to the Kannada film industry.

Smt. Pandari Bai presented an address to Sri Aswath and the title, "Kala Shri". Sowcar T. Thimmappa presented a gold necklace. Sri K. V. Raman read the messages.

Smt. K. S. Nagarathnamma, Chairman of the Reception Cammittee, welcomed the gathering. Sri K. Ramanna proposed a vote of thanks.

COLOURED EATABLES CAUSE CANCER

Every third sample of food lifted by the health authorities in India is adulterated. Not only that, most of the colours which are used to brighten up adulterated of substandard food can cause cancer.

The yellow 'jilebi' which makes your mouth water whenever you pass a sweet shop cantained metanil yellow, a coal tar dye which produces cancer.

The bright green canned peas you relish so much in your 'alumatar' or 'matar-paneer' contains blue VRS, a carcinogen, which causes cancer.

And as for 'papad', the poor man's desert in India; the cute-looking pink variety has rhodamine B, one of the deadliest carcinogens known. Such colours are added even to pulses to make them look brighter.

The glowing yellow 'haldi' (turmeric) powder which lends colour to your curry has lead-chromate. Lead chromate causes anaemia, paralysis and in young women abortion.

This is the data collected by the Union Government's Health Directorate.

PROCUREMENT GOOD

Bangalore, Dec 16

The procurement pace in the State is very encouraging, as already 14,000 tons of paddy has been procured compared to last year's achievement of 13,500 tons.

At this rate, there may not be much difficulty in fulfulling the target of 1,29 lakh tons of paddy and 11,000 tons of jowar set for the year 1969 70.

South Kanara district tops in the State with the highest procurement of 7,000 tons of paddy.

The falling prices of foodgrains in the face of god harvest and the higher procurment prices offered by the Government are the important factors for this changed situation.

Demand On Hoteliers To Cut Prices

Mysore, Dec. 17

The demand on hoteliers in the city to reduce prices was made again in the Municipal Council yesterday. Sri M. N. Thimmiah, President, was in the chair.

Sri Chowdiah, member of the Ruling United Front, reiterated the demand and criticised the adamant attitude of the hoteliers Althougn hotel owners in other places were reducing prices, the hoteliers in the city had made no cut in the prices, he said.

He also waated the bakery owners to reduce the prices.

Sri M K Lingiah, of the same party, who also demanded cut in prices in the hotels, criticised the prohibitory order by the Deputy Commissioner during the Kannada Chaluvaligars' satyagraha. The Deputy Commissioner could himself have convened a meeting of the hoteliers to convince them to reduce the prices, he said.

Sri Ganesha Rao (Cong), who is also the Secretary of the Bakery Owners' Association, claimed that they were selling bread at 20 paise less than the price fixed by the Government.

The Council also passed a resolution of Sri Chowdiah urging the State Government to empower the Council Standing Committee to hear appeals made by the ratepayers on the Municipal Commissioner's decision in respect of house tax revision petitions.

It wanted the present practice of refiling the appeals to the Divisional Commissioner to be abolished.

The resolution was opposed by the Congress members, excepting Smt. Soundaramma Venkatesh and Sri Chikkathammiah of the Indicate Group who voted in favour along with the 12 UF members.

Pilot Project In Mysore

TO AID SMALL FARMERS

At the beginning of the meeting, Sri B.C Lingiah, leader of the Congress, and Sri Doddathammiah took objection for separting all the tables on their side and making irrational bifurcation.

When only two or three members had asked for separate seats where was the need to separate all the seats, they questioned.

Smt. Soundaramma said that althogh she belonged to the 'Indicate', she had not gone out of the Congress.

When more members of the group owing loyalty to Sri Nijalingappa came in the President, Sri M. N. Thimmiah, ordered realignment of seats leaving the two Indicate members to sit separately from the other group.

Parpia Wants To Quit

Dr. H. A B. Parpia, Director of the Central Food Technological Reserch Institute, Mysore, has sought the permission of the Prime Minister to leave the Council of Scientific and Industrial Research, for the reason that the CSIR Central Office had deliberately tried to create indiscipline in the laboratory.

PAY RISE TO NGOs

Govt. Announces Decision On Tukol Report

Bangalore, Dec. 27

Over three lakhs of employees of the State Government and aided institutions will get a rise in pay ranging from Rs. 10 to Rs. 40 a month from the new year following the Cabinet's decision on the Tukol Pay Commission.

The new year gift to the NGOs will cost the exchequer Rs. 8 crores additional expenditure per annum.

Explaining the main features of the decision, Finance Minister Ramakrishna Hegde said the Government had accepted the pay revision proposals of the Pay Commission with minor modifications as suggested by a Committee of Officers, which processed the recommendations.

While the Commission had recommended the rationalisation of the categories of Government servants from the existing 107 to 27 grades, the Committee had further reduced the grades to 21.

Instead of the point-to-point fixation of pay with ceilings recommended by the Pay Commission, the Government has decided to give weightage with reference to one to three years service.

The recommendation to merge a portion of DA in the basic pay will come into effect from Nov. 1, 1968, while the recommendations regarding the pay scales revision will be from Jan. 1, 1970.

The Government has rejected the Commission's suggestion for granting marriage advances and cash allowance for minor ailments to employees.

GIVE UP VIOLENCE, KHAN'S CALL

Mysore, Dec. 29

Khan Abhul Gaffar Khan, the Frontier Gandhi, yesterday called upon the poor to give up mutual bickerings and come together to elect only those who could work for their progress.

He was addressing a mammoth meeting at the Townhall maidan.

The Badshah Khan said that he felt greatly grieved to see that the techings of Mahatma Gandhi were being forgotten in India. He said it would be a sad day if like Buddhism, Gandhism vanished from the country, where it had taken its birth and some other 'ism' came into being in its place.

The Frontier Gandhi said that he heard slogans on Gandhiji and saw books being written about him and statues being erected in India. But no one was following the path laid down by Gandhiji.

Everyone should ask the question as to where India was proceeding, whether towards progression or retrogression.

He said that it was a matter of deep anguish that even 22 years after Independence that India had not solved the fundamental problem of food and was depending on foreign aid. It was a question of self-respect.

Gandhiji and his associates, he said, fought for Independence not because they wanted to rule the country. They wanted to banish poverty from the country. For past three months, he had been touring in the country and what he found was poverty among the people and disharmony between the various communities. In the name of Dharma, lives of several innocent poor people were taken away. Such practices were brought about by vested interests and self-seekers.

If they continue to quarrel, commit arson and kill in the name of religion they would continue to remain poor and even might sink further down.

Sri Siddiah Puranik, Transport Commissioner translated the Khan'sUrdu speech. Law Minister Puttaswamy welcomed the leader.

Sri M.N.Thimmiah, the Civic Chief, presented a Casket to Badshah Khan, on behalf of the Municipal Council.

On his arrival to the city in the afternoon, he was received with a tumultous welcome. At the toll-gate, Municipal Presidet Thimmiah garlanded the leader. Divisional Commissioner Balasubramanyam, DIG of Police Ramanna, MunicipalCommissioner Prabhu, Police Superintendent Bagilthaya, Aziz Sait, MLA and others welcomed him.

The route upto Government House was decorated with several arches and buntings. Large number of people cheered the Khan.

The Badshah Khan left for Bangalore this morning.

Era Of United Front Govt. In Centre

Sri Atal Bihari Vajpayee, President of the Jan Sangh said yesterday that the era of United Front Governments seemed about to arrive at the Centre.

Addressing the 16th annual session of the Sangh, he said the Indira Gandhi Government would not last long and asked the Opposition parties to accept the multi-party pattern.

He said a minority government, propped up by an assortment of opposition groups and independents, could not claim to be the Government which the electorate had returned in the last election. The undeclared alliance sustaining the Prime Minister, would have to be given a normal shape 'or else she should resign', he said.

Sri Vajpayee also called upon the people to defend the right to property. Any move to remove this from the Chapter of Fundamental Rights in the Constitution would be a virtual declaration of 'war on the common man'.

Law Of Treason, JS Wants

The Jan Sangh Working Committee on Saturday called for the enactment of a 'Law of Treason' on the expiry of the lapse of the Preventive Detention Act, to stem anti-national activities of persons with extra territorial loyalties.

The Badshah Khan had earlier cancelled his visit to the Brindavan Gardens.

Khan Abdul Ghaffar Khan spent nearly 30 minutes in the gardens seeing the beautiful gardens and patting children affectionately.

Free Land For Industries In City

Mysore, Dec. 29

A call to industrialise Mysore City by utilising the research work available at the Central Food Technological Research Institute was given by Deputy Industries Minister A. P. Appanna here on Saturday.

Participating in the silver jubilee of Sree Gajanana Rice and Oil Mills, the Deputy Minister said that the 'mania' of preferring Bangalore alone for locating industries had come in the way of Government's desire to spread out industries to other parts of the State.

In the process of discouraging location of more industries at Bangalore, the State had lost some industries. The Government, therefore, decided to welcome industries wherever they were set up. But to attract them to other areas, it was offering various concessions, he said.

The Government was offering free land in Mysore City, the Deputy Minister said. He asked the industrialists to venture in new industries instead of starting traditional ones.

Mills Chairman M. Ramappa Rattehalli, welcoming the gathering, traced the development of the Mills.

Sri C.G.Rama Rao, President of the Chamber of Commerce, Bangalore, said Mysore City could be developed as a centre of small scale industries.

Director N.C. Srinivasa Rao presented a memento to Sri Ramappa. A bonus of half-month was distributed to the workers by the Minister.

Managing Director R. Vasudeva Murthy proposed a vote of thanks.

CURBS ON GROWTH OF MONOPOLIES

-- JAGJIVAN RAM'S CALL

Addressing the 73rd plenary session of the New Congress at Bombay, yesterday, the President, Sri Jagjivan Ram called for curbs on monopolies and expansion of the public sector, assistance and incentives to the small farmer and the landless peasent, removal of the disabilities suffered by the scheduled castes and tribes, appreciation and understanding of the problems of youth and measures to tackle the problem of unemployment and underemplopment.

He said that in a traditionalistic backward society, democracy without socialism implied 'the rule of the privileged, by the privileged, for the privileged' and socialism without democracy implied totalitarianism.

In a strong attack on monopolies, Sri Ram said: 'It is clear that monopolistic trends are getting intensified, that money-power is cpeating big pockets of political pressure, vitiating and distorting the political life of the country. Time, has therefore, come when Government must state in unmistakable terms that opportunities given to the private sector to serve the people do not include the opportunity and the freedom to sabotage the national objective'.

He said he proposed to open a section in the AICC which will be forum for social scientists to meet and plan a campaign for the much-needed mental revolution.

Sri Ram expressed concern over the growth of divisive forces like communalism, casteism and linguism and said this was in part due to the Congress having the background of the social order which was and continued to be traditionalist, hierarchical and even tribalistic in some of its traits.

He said the problem of landless labour was creating an explosive problem. Available surplus land was not adequate for distribution among all of them nor could all of them be absorbed in rural works and other agricultural operation. It was therefore most urgent that great attention be paid in self-employment of these millions.

More than three lakh poeple were present, when the open session began.

NO NEW TAXES IN SURPLUS BUDGET

Mysore, Dec. 30

No raise or levy of fresh taxes is envisaged in the Rs. 1.18-crore budget with a surplus of Rs. 8.91 lakhs of the City Municipal Council for year 1970-71.

The budget proposals were presented to the Council at a special meeting yesterday by Commissioner P. P. Prabhu. The report was placed in Kannada with English copies. President M.N. Thimmiah was in the chair.

The budget anticipates a total income of Rs, 1,18,14,082 with an opening balance of Rs.12,72,082. The expenditure is put at Rs. 1,09,22,200 leaving a balance of Rs. 8,91,882,

During the current year the income was Rs. 84,88,000 indicating an additional income Rs. 20,54,000 during the coming year.

Of the Rs. 68,12,000 revenue from rates and taxes, the major heads of income are octroi Rs. 31 lakhs, taxes on buildings Rs. 25 lakhs, water rate Rs. 8 lakhs, general sanitary cess Rs. 2.5 lakhs and advertisement tax Rs. 50,000.

The major items of expenditure are public health Rs. 45.73 lakhs, public works by municipality Rs. 36.59 lakhs, general administration Rs. 10.30 lakhs and public safety Rs. 5.26 lakhs.

The Commissioner, in his explanatory note, said for the first time in the 107-year history of the Municipality, the income was expected to reach Rs. one crore mark in the next year.

He said it was hoped that the new ocroi bye-laws would be introduced by the beginning of next year resulting in an additional income of Rs. 4 lakhs.

FALL IN MOHATARFA COLLECTION

There was a fall in the percentage of collection of house-tax from 55.50 per cent in 1967 68 to 48.01 per cent during the current year. It had been decided to enforce penal provisions and also take coercive steps to collect the taxes.

No income from cycle-tax had been shown in the budget as the Council had decided to abolish cycle tax and also reduce registration fee on all vehicles.

The Government was contemplating to hand-over the water supply system to the Municipality which might push up its expenditure. Besides, the third stage of water supply scheme to assure extra quantities of water during the next five years had to be considered. Therefore a token provision of Rs. one lakh had been made in the budget and rationalisation of water rate suggested.

The acceptance of the Pay Commission recommendations by the Government would entail the Municipality an additional expenditure of Rs. 2.5 lakhs for which no budget provision had been made, the Commissioner said.

It was hoped that with large number of mercury lamps installed, better water supply and shelreting of major roads, the basic civic amenities would be fulfilled.

With an average per capita income of Rs. 35, which would be achieved in the coming year, the Municipality could reckon with other best Municipalities in the country and this was by no means a small credit with the lowest property taxation and very few taxes, he claimed.

UN Soil Conservation Plan In Mysore State

A five-year programme of soil conservation will be carried out in the four districts of Mysore State under the World Food Programme of the United Nations.

Contour bunds and terraces on 1,80,000 hectares of cultivable land would be constructed in the districts of Chitradurga, Tumkur, Kolar and Bangalore, which are traditionally subject to drought.

As a result of the work foodgrains production is expected to rise by 13,500 tonnes.

The total cost of the programme will be 3.45 million dollars.

Middle-Of-The-Road Policy By New Congress

Prime Minister Indira Gandhi stated yesterday that the New Congress was wedded to the left of the centre policy and would not deviate from this path come what may.

Addressing the plenary session at Bombay, she said the charge that the New Congress was closer to the Soviet Union was baseless. India had not departed from the policy of non-alignment.

She made it clear that national interests would get the highest priority in the country's foreign policy.

It was true, she said, that a large number of nations gave India aid for its development but it would not make any compromise for getting the aid or allow them to give directions on conducting its external relations. Any such thing would lead to ideological slavery, she said.

political Instability In Country

FORSEES GURUPADASWAMY

Mysore, Jan. 8

The political stability in the country during 1970 will deteriorate further and there will be unnecessary confusion and crimes in the public life, Sri M.S. Gurupadaswamy, Deputy Leader of the Opposition Congress in Rajya Sabha, said here today

Addreesing press conference, he said that the Government of Smt. Indira Gandhi was sure to fall any time as it was a minority Government depending on the CPI and the DMK.

"Smt. Indira Gandhi will go by her own follies. She will dismiss herself from the political scene by her own actions and inactions. She suffers more by inaction today because she is the victim of political compulsions which she herself has created", he said.

Sri Gurupadaswamy said that he expected mid-term elections anytime and in the elections he was confident that Smt. Indira Gandhi's majority would shrink and the position of his group would improve. But no single party might get absolute majority and this would make coalition at the Centre inescapable. 'Our effort would be to form a programmatic coalition, he added.

He reiterated the demands made in the Ahmedabad session viz., the abolition of privy purses, nationalisation of general insurance, minimum standard of living before 1975-76, a national youth commission and creation of a land army for the landless. The Mysore MP wanted 1970 should be a year of programmatic politics and not power politics.

The unanimous decision of the Mysore City Municipal Council to do away with the cycle tax would go before the Cabinet soon and a decision was likely to be announced within a week, Municipal President M. N. Thimmiah told Sri L. Chikkarangappa, in the adjourned budget meeting yesterday.

Earlier, Sri Somasundaram of Opposition Congress, criticised the Commissioner for not showing the income of Rs. one lakh from cycle tax in the budget. When the Government, he said, had not yet approved the Council's decision, the removal of cycle tax revenue from the budget was wrong.

Sri M.K. Lingiah of the UF challenged the Congress member that if he was opposed tothe removal of the cycle tax to come forward boldly and announce the same.

Dr. P.D. Krishnaswamy, who recently announced his decision to be an Independent member, supported the non-provision of the cycle tax in the budget.

Sri Doddathammiah of Congress, urged for the abolition of the Municipal Vice-President post as now the UF, which was favouring the post's abolition, was now in power.

Convene State-Level Cong (R) Meeting

Mysore, Jan. 15

A meeting of the workers of the New Congress in the city held at the District Congress Office yesterday under the presidentship of Smt. B. K. PUTTIAH ELECTED MUNICIPAL PRESIDENT

Mysore, Jan. 17

The one year-old United Front's hold on the Municipal administration in the city came to an end yesterday with the election of Sri B. K. Puttiah, Independent supported by Congress, as President and Sri M. E. Ganesh Rao, Congress candidate, as Vice-President.

Both the United Front nominees, Sri Srikanta Sharma, UF's Deputy leader, and Sri Chowdiah suffered defeat with a margin of nine votes each.

Sri Puttiah secured 22 votes as againit 13 secured by Sri Sharma. Sri Ganesh Rao and Sri Chowdiah polled similar number of votes.

The United Front, formed about a year ago on the eve of civic elections by non-Congress parties had secured majority by obtaining 19 seats as against 15 by Congress. The United Front had also the support of one Jan Sangh member.

But rift arose in the party after nearly 13 months of its administration on the selection of new President. Five members of the Praja Socialist Party broke out from the United Front and put up their own candidate, Sri Puttiah. The Congress who backed the Independent candidate withdrew their aspirant, Sri Jogi Siddiah, from contesting the President's post.

3 UF VOTES FOR PUTTIAH

An analysis of the voting yesterday indicated that Sri Puttiah had secured 14 Congress votes, 5 votes of his supporters and 3 from the United Front.

UF's Attack On Congressmen, 5 Councillors

Mysore, Jan. 19

The United Front members of the City Municipal Council bitterly attacked here yesterday Sri B. K. Puttiah and 4 other members for betraying the United Front for the sake of power.

At a public meeting held at Town Hall maidan to explain why the United Front had suffered defeat in the election of the Municipal President, the speakers also criticised the 14 Congress councillors.

SSP leader and MLA Aziz Sait denied that there was any 'syndicate' in the United Front.

Smt. Soundaramma, Indicate Congress member, said that Syndicate Congress members had exhibited 'power madness'. The Congress, she said, had never withdrawn its candidate but now they had even supported a PSP candidate to get elected.

Defeated candidate Srikanta Sharma criticised Sri Puttiah, Sri Thimmiah and their colleagues, and said that they had betrayed the United Front and the people. They had not only defected but had gone to the City Congress Office praising Congressmen whom they were criticising all these days.

Sri T. V. Srinivasa Rao (PSP) pointed out that Messrs. Puttiah, Vedantha Hemmige and L. Chikkarangappa had violated the directives given by the PSP leaders Sri Mulka Govinda Reddy and Sri S. Sivappa, not to contest against the United Front's nominee Sri Sharma-

If they were so particular of power, they should have resigned to the Councillorship and then got elected to aspire for Municipal Presidentship. These members who were in opposition from the past 14-15 years, had defected for sake of 11½ months' power, he charged.

Sri Chowdiah, who lost the Vice-Presidentship contest, said he was grieved that the ruling United Front voted by the rate-payers had lost its majority.

Sri B. N. Kenge Gowda, UF leader in Council,said he was confident that his group would gain majority soon. He expected more Congress Councillors would join the Indicate Congress which supported them. Sri Gowda claimed that the present margin between the UF and the other group was only one.

Sri S. Channiah, the founder of United Front in the city, sobbed that he did not expect that some of his own men would betray him like this. It was not the defeat of Sri Sharma but the defeat was his, he said.

These men were unfit to be in politics and the people should be cautious of them, he added.

Messrs. K.S. Suryanarayana Rao. M. N. Ugrappa and S. Shivanna also addressed the public meeting.

Puttiah Defends

Mysore, Jan. 20

Civic Chief-elect B. K. Puttiah and Councillors, Sri Vedantha Hemmige and Sri L. Chikkarangappa, have criticised the speech of Sri T. V. Srinivasa Rao at a public meeting on Sunday as 'irresponsible'.

In a statement, they said that after being elected to the Municipal Council, they were not bound by the rules of the Central and Provincial units of the Praja Socialist Party to which they belong.

The three members alleged that the SSP had caused harassment during the past one year to the Municipal President who belonged to PSP. They had openly voted against the United Front's decisions on certain issues, they said.

They had come out of the United Front only in the interest of their party, they asserted.

They have urged the PSP Provincial Committee to take disciplinary action against Sri T.V. Srinivasa Rao for joining other parties in criticising his own party members.

CENTRE ASSURES HELP

ADEQUATE PLAN FOR STATE

Bangalore, Jan. 20

The Centre and the Planning Commission had taken an extremely helpful and constructive attitude towards the very difficult problems of Mysore and had agreed in principle to find some way to enable the State to have an adequate Fourth Plan, Governor Dharma Vira revealed yesterday.

Addressing the joint session of the State Legislature, he said the assistance might be either by rescheduling of debts, or by ad hoc grants, or permission to the State to go in for increased borrowings or by a judicious mixture of all the three methods.

These efforts, Sri Dharma Vira said, would enable the State to have Plan of the size of Rs. 350 crores, which was considered to be the irreducible minimum.

The Governor in his 60-page speech made an exhaustive survey of the progress of the State in various fields.

Walk-Outs

Sri Dharma Vira began his 100-minute speech with a few sentences in Kannada and switched on to English. As a protest, Sri Vatal Nagaraj walked-out followed by SSP leader GopalaGowda with five others. The Governor concluded his speech again in Kannada.

STONES PELTED AT SINHA'S MEETING

Mysore, Jan. 22

Smt. Tarakeshwari Sinha, MP, yesterday in spite of booing, shoutings and pelting of stones, continued her 45-minute speech, at a largely attended public meeting at the Townhall maidan.

A section of the crowd kept on shouting and even threw stones when Smt. Sinha began criticising Prime Minister Indira Gandhi. Some even tried to rush towards the platform but the police cordoned and pushed them out.

Undaunted of these interruptions, she continued her speech and said: 'A few hirelines brought to the meeting cannot intimidate me. If you have machine-guns, you can shoot me'. She collected the stones pelted at the dais and said these savage acts were a disgrace to democracy.

She said Smt. Gandhi's supporters attempted to disturb meetings at several places. It is regrettable that Smt. Gandhi has not said one word criticising these acts of hooliganism.

Smt. Sinha appealed to the youth of Mysore to collect signatures for the youth charter to be presented to the Parliament.

Sri M. Kempe Gowda, President of the City Congress Committee, (Old) presided.

Sri T. N. Narasimha Murthy welcomed the gathering.

Car Stoned

11 Persons Held

Political Awareness

DUE TO RECENT EVENTS

Mysore, Jan. 22

Smt. Tarakeshwari Sinha, MP, said here yesterday that the recent political developments in the country had started a fusion of awareness which was good for the country.

She was addressing the students of the Mysore University under the auspices of the Political Science Association. Dr. K. H. Cheluva Raju, Reader in Political Science, presided.

Smt. Sinha said that people had become conscious of these changes and they would no longer take things for granted. Hence, no party today could survive by mere slogans. Parties had come to know that to survive they must be genuine.

Among the politicians also there was this awareness. No person with tarnished image could survive in the political life. They must be positive, clean and dedicated persons, she said.

Smt. Tarakeshwari Sinha criticised Prime Minister India Gandhi as having a split personality and an attitude of 'to be or not to be'. There was no method in her planning, but there was certainly method in her madness, she said.

Smt. Sinha also warned against growing poverty and educated unemployment. If these two biggest problems were not tackled, there might be a Biafra, Congo or Vietnam, she said.

She said she stood by her statement made at Coimbatore about Khan Abdul Gaffar Khan. Badshah Khan should try to bring all communities nearer instead of repeating everywhere the things happended at Ahemdabad, Smt. Sinha said.

No Show-Cause Notice Served

—SAYS PUTTIAH

Mysore, Jan. 23

Sri B. K. Puttiah, President-elect, City Municipal Council, denied here today that no show-cause notice had been received by him and his two colleagues, Sri Vedantha Hemmige and Sri L. Chikkarangappa, from the Praja Socialist Party Office.

Addressing a press conference, the PSP Councillors denied that they had joined the Congress and affirmed that they continued to be in the PSP.

They explained the reasons for the breach in the United Front and blamed the 'bossism' of the four leaders of the United Front, Messrs. S. Channiah, K. Suryanarayana Rao, L. Srikantiah and Aziz Sait.

UF Leaders Blamed

The above leaders had set aside the previous year's procedure in selecting the United Front's nominee for the Municipal President. They had also rejected the plea for secret ballot in selecting the candidate, the three Councillors said.

While forming theUnited Front, the understanding was that there should be no party identification but the civic affairs should be the prime criteria. But the party affiliations were brought forward during this year, they regretted.

Sri Aziz Sait was particularly opposed to Sri B.K. Puttiah as he thought the latter would be his opponent in the next general elections, Sri Vedantha Hemmige charged.

Sri Sait and Sri K. Suryanarayana Rao and the SSP Councillors did not co-operate with the President, Sri Thimmiah, and interfered in day-to-day civic administration, the said.

They charged that the United Front this year "turned out to be a conspiracy of all other parties to undermine the PSP".

UF's Wrong Decisions

They assured that during their administration they would try to set right some of the wrong decisions of the UF administration on issues like the sweepers' colony and acquisition of Band Stand area in Nazarbad for making Gandhi Vana and Kasturba Vana.

In the Council they would sit with the 14 Congress members as the coalition ruling party, they added.

In the press conference, two other Councillors who defected from the United Front, Sri Papanni and Sri Krishna, were also present.

Sri Puttiah will take charge as President from Sri M. N. Thimmiah tomorrow morning.

PROMOTE FEELING OF ONENESS

MINISTER'S CALL TO YOUTH

Mysore, Jan. 28

Union Education Minister V.K.R.V. Rao, yesterday called upon **the youth to imbibe the spirit of patriotism, religious tolerance and secularism characteristic of the kings, religious teachers and saints of Karnataka in the past.**

Delivering the convocation address in Kannada, Dr. Rao asked the young graduates to work for the good of society, remembering the greatness of their State.

The Minister pointed out the rich and glorious heritage of Karnataka and said histry had shown that Mysore had been a meeting ground and never a battle ground of different systems of philosophy. The religious leaders of Buddhism, Jainism, Veerashaivism and Vaishanavism found it easy to propagate their religions in Karnataka.

The spirit of tolerance, broad outlook, religious oneness were not mere ideals to the people in the past, who practised them in their daily life. It was common to find people worshipping Vishnu, Siva and Jina in their houses and this did not affect the family unity, he said.

Dr. Rao said that culturally, the Mysore country had been a link between the North and the South. Without being swayed off its feet by the impact of outside influences, Mysore had, throughout the centuries, absorbed the best that the rest of India had to offer.

The Union Minister said there was a great need today, particularly among the younger generation to promote the feeling of oness, to realise that they were basically members of one nation and develop the spirit of tolerance for all faiths.

IMPORTANCE OF SPORTS

Mysore, Jan. 29

Students Part In Varsity Affairs

Mysore, Feb. 2

Vice-Chancellor Javare Gowda expressed his doubt here yesterday as to how far the students' participation in the university affairs was possible.

He was inaugurating a three-day seminar of the Mysore University Students Council at the Maharaja's College Centenary Hall.

Prof. Javare Gowda said that students came to the university with the main intention of gaining knowledge and not in deciding as to what they should study and what must be the marks for a pass.

The Vice-Chancellor felt that students could be associated with the management of hostels, sports and other extra circular activities and not in the various academic bodies like the senate and the academic council.

He stressed the need for having permanent students councils to know their problems and desires. As the number of students in the universities had increased enormously it was natural that there would be some student problems but they should be looked with sympathy, he added.

Registrar B. S Srikantaiya, welcoming the gathering said the seminar was being arranged to discuss problems of the students and to acquaint them with university administration.

Dr. U. K. Subbarayachar, Dean of the Students Welfare, while proposing a vote of thanks said that 75 student representatives, including 9 girls, of the various colleges of the University, were participating in the seminar.

Cause For Students Unrest

Mysore, Feb. 9

The cause for unrest and uncertainity that we find in a large number of our educational institutions was the lack of spirit of self-help, service and discipline in the students, Governor Dharma Vira said here yesterday.

Presiding over the 17th school day of Sri Ramakrishna Vidyashala, Sri Dharma Vira stressed the need for developing clean and disciplined habits at an early age of the student and sound moral and physical training to ensure him to grow up as healthy and useful citizens of the country.

"The true purpose and meaning of education have to be understood by our children. This is possible only when there is helpful and understanding guidance from the teachers. A sterling moral character is the very essence of civilisation and without it nothing worthwhile can be achieved. A nation's character is the character of the individual", he said.

The Governor praised the noble work of Sri Ramakrishna Mission and said whatever the mission touched, it adorned. In its true tradition, the mission was contributing richly to the educational and cultural life of the city. More and more institutions like the Ramakrishna Vidyashala should come up all over the country in the interests of the future of our children, he added.

Swami Somanathananda welcomed the gathering. Student Secretary A. G. Kurthukoti read a report. Sri B. S. Srikantiah proposed a vote of thanks.

The Governor, earlier, visited the Rs.20-lakh All India Moral and Spritual Institute, under construction in the Vidyashala campus.

Letter Pad Proposal Rejected

Mysore, Feb. 10

The City Municipal Council yesterday rejected a proposal to supply letter pads to its members at a cost of Rs. 300. Sri B. K. Puttiah, President, was in the chair.

The Council was considering a letter from the Divisional Commissioner stating that the Council's majority decision for supplying letter pads required two-thirds majority. The resolution, therefore, had been sent back to the Council for proper approval of the House.

The members of the ruling coalition party, led by Sri B.C. Lingiah, wanted the proposal to be dropped while the United Front led by Sri B. N. Kenge Gowda supported the proposal.

Sri Kenge Gowda said the Municipalities Act also provided for payment of sitting fees and there was nothing wrong in asking for privileges like phone for each councillor's residence.

A master plan for the construction of a 4-storey shop building at a cost of Rs. 4 to 5 crores in stages would be prepared by the Municipality this year. The shops would be constructed by demolishing the Devaraja Market and the Lansdowne Buildings, portions after portions.

Disclosing this Municipal President B.K. Puttiah told newsmen yesterday that the shop owners in these buildings would be temporarily accommodated at the new shops to be constructed at Anesarot street where the necessary area had already been acquired by the Municipality.

This would also augment the municipal revenue, he said.

He informed that the refund of cycle tax paid by some people this year was being made.

Appreciation From Chief Minister VEERENDRA PATIL For

"SRI KRISHNADEVARAYA"

Shri B. R. Pantulu has earned the gratitude of crores of Kannadigas in presenting to the cine world the mighty picture **"Sri Krishnadevaraya"** in Eastman Colour. Through his talented efforts the Padmini Picutres were able to film a glorious chapter in the Vijayanagar dynasty, the period between 1509 to 1529, when a Hindu monarch perserved in his attempts to propound the best tenets of Dharma Sastra.

The film has a rich cast of talented actors and actresses whose names are household words in Kannadadesa. The scenes are superb. The photography good and the direction is sound and the tempo of the film is admirable.

The whole production has been done with care and precision. I commend this film to the Kannada public. The depiction is faithful to the recorded history. This is as it should be.

Engineers' Voice Should Be Heard

Mysore, Feb. 16

Sri H. A. B. Parpia, Director of the Central Food Technological Research Institute, suggested here yesterday the formation of a federation or a confederation of scientists and technologists in the country so that their voices could be heard more effectively for the economic development.

Dr. Parpia, who was the chief guest at the fifth annual session of the Mysore City Sub Centre and the golden jubilee celebrations of the Institution of Engineers of India, warned that unless this was done, bureaucracy would continue to dominate and frustrate them.

If the pace of economic progress had to be achieved with other countries like Japan and the USA, the conditions of frustration had to be changed and an awareness for national development introduced not only among the bureaurcrats but also in the student community, he said.

Sri G Sambashiviah, retired Chairman of the State Electricity Board, in his inaugural address, stressed the need to form an organisation to tackle unemployment among engineering graduates.

He callen upon the Institution of Engineers and retired engineers, to come to the aid of the diffident unemployed engineers to induce self confidence in them and guide them to stand on their own legs.

Sri Sambashiviah pointed out that most of the contractors today were not engineering graduates but with practical knowledge and self confidence had come up.

Earlier, Sri D. Doddiah, outgoing Chairman of the Sub Centre, inducted the new Chairman, Sri S. P. Bhat. Prof. H. V. Sathyanarayana Rao read the Secretary's report. Sri Lakshminarayanan read the messages and Sri Parashivamurthy proposed a vote of thanks.

Speaking at the Political Conference of the MPCC (Old) at Belgaum, the Chief Minister lashed at the Centre for delaying a decision on the Mahajan Commission and said : 'It is about three years since the report has been submitted and the Centre is sitting pretty over it. I ask the Centre not to put our patience to test'.

Sri Patil disclosed that a top Central Minister had suggested to him to part with a portion of Belgaum to Maharashtra. But, Sri Patil said, he had asked him whether he wanted to create another Berlin in Belgaum.

TRANSFORMATION IN SOCIETY

YOUNG TURKS CALL TO YOUTH

Mysore, Feb. 18

Sri S. Chandra Sekhar and Sri Mohan Dharia, MPs, yesterday criticised the resolution to retain the 'right to property' in the Constitution passed by the political conference of the MPCC (old) held at Belgaum.

Addressing a public meeting at Town Hall, Sri Mohan Dharia accused Sri Nijalingappa and his 'ardent disciple' Sri Veerendra Patil of taking a lead in creating more confusion by saying that right to property should not go.

The resolution passed in Belgaum went against the socialistic programmes, he said.

Sri Dharia described the Naxalite activity as due to disparity in social levels in the society. 'If we do not implement the socialistic steps, it will be never possible for us to curb the Naxalite activities', the New Congress MP said.

He also criticised the statement of Sri Veerendra Patil at Belgaum that Prime Minister Indira Gandhi was seeking foreign advise and guidance at every step. He described it as a 'wild charge' made to protect vested interests.

He also referred to the Supreme Court judgment on bank nationalisation and said that if any of the three pillars of our democracy, legislature, executive and judiciary, came in the way of socialistic objectives they were failing in their duty.

Sri Chandra Sekhar said that he had firm faith as to why the old Congress was supporting the right to property, because for them human value was not property.

He warned against the Naxalites and other forces which wanted violence and asked the people to decide whether they wanted to be lead by peaceful methods or by violence.

The Young Turk leader said that the big enthusiasm shown to them in the State wherever they went indicated that Sri Veerendra Patil was losing foothold as Chief Minister. "It is a wrong notion to think that the Syndicate leaders can keep the whole politics in their pocket", he said.

He accused that police made lathi-charge in Gulbarga on Monday on a peaceful public meeting which he was addressing.

Sri Chandra Sekhar called upon the youth to strengthen the new opinion forming in the country and bring in a transformation which helped the common man.

Sri Krishna Kant, MP, alleged use of lathis against woman and children in Gulbarga. It was a 'foolish behaviour' he said.

There need not be any fear that Congress was dying in the country. The Congress was transforming into the glorious Congress of the past, he said.

The public meeting was presided by Sri D. Devaraj Urs, MPCC ad hoc Committee Convener.

Sri Tulsidas, MP, welcomed the gathering and Sri Gundu Rao, convenor of State Youth Congress, proposed a vote of thanks.

Mysore, Feb. 18

The Young Turk leaders yesterday appealed to the youth to face the challenges in bringing a socialist society in the country.

A 3-day State-level Youth Congress (new) Convention was inaugurated yesterday at Town Hall by Sri Mohan Dharia, MP. Sri Devaraj Urs, Convener of the MPCC ad hoc Committee, presided.

Sri Mohan Dharia asked the youth congress to provide proper leadership and take the frustrated youth into confidence.

As a constructive approach to tackle problems like unemployment, he suggested survey of every district with the help of educated men.

He criticised the old Congress members and said the days of mere passing radical resolutions and deceiving the people were over.

Sri Dharia also criticised the speech of Union Minister Bhanu Prakash Singh in support of privy purses. "We shall have to take all possible care against such vested interests", he said.

Sri Krishna Kant, MP, said they had to think whether it was not necessary to change the composition of Supreme Court to include younger people to suit the changing social conditions.

The younger generation should build up a real people's movement in the country, he added.

Sri P. Nagaraj welcomed the gathering and Sri Kempeere Gowda proposed a vote of thanks.

Locate Indl. Estates Near Engg. Colleges

Mysore, Feb. 21

Instead of Rs. 4 for the first night and Re. 1 for each subsequent night in the three-tier coaches, passengers will have now to pay Rs. 3 for the first night and Re. 8 for more than one night. In the two-tier coaches, Re. 1 will be added to the existing Rs. 4 for the first night.

Railway Minister Nanda has proposed steep increase in the fares for the first and the air-conditioned classes, which would yield an additional sum of Rs. 1.7 crores.

Monthly ticket fares in Madras, Bombay, Delhi and Calcutta areas have also been enhanced.

A disturbing revelation in the Railway Minister's budget is that Rs. 150 crores are to be raised by increases in fares and freight rates during the fourth plan, which means that rail travel and despatch of goods by train will become even costlier during the coming years.

The Finance Minister estimated that the lottery scheme would yield to the Government Rs. 1.46 crores in the next year. It was expected to yield Rs. 87 lakhs in the current year.

A provision of Rs. 16 crores has been made in the annual plan for 1970-71 for irrigation.

RUBBER COMPLEX AROUND CITY

Bangalore, Feb. 24

The State Government has recommended to the Centre for the issue of a permit to a Madras concern to manufacture automobile tyres at Mysore City.

Another Bombay entrepreneur had applied to set up a plant to manufacture scooter tyres while still another application for manufacture of chemicals needed for the tyre industry was under consideration.

If all these proposals materialised there could be a rubber complex coming up around Mysore City, Industries Minister Rajasekhara Murthy told the Legislative Council yesterday.

The Government would encourage industries being started between Mysore-Narjangud and Mysore-Belgola but no industrialist in the State had come forward, he added.

A sum of Rs. 2 crores has been provided for the Kalinadi power project.

It has been decided to set up corporations for commerically oriented agricultural and allied activities such as fisheries, forest and sericulture.

The State Government will take a number of steps to help unemployed engineering graduates by introducing 'pay-for-work' scheme to cover 1,500 persons, start 100 industrial sheds and allot cars for taxes.

It will start a Youth Centre in Mysore City, a repair centre to repair cars, scooters and cycles in Bangalore and a death relief fund for NGOs.

The State has achieved near self-sufficiency in food.

Conserve Mineral Wealth

Mysore, Mar. 1

A plea to conserve mineral wealth in the country and particularly in the State, was made by speakers at a function held by the staff of Manasa Gangotri yesterday to felicitate Dr. M. N. Viswanathiah, Professor of Geology, who has been awarded the Lenin Medal by the Kiev University in USSR.

Sri S. Sivappa, Opposition Leader in the State Assembly, said "today we are more concerned in exploiting the mineral resources for export than for utilisation in our own country. Even by the export of valuable minerals like iron ore and manganese from the State, we earn only a small amount of foreign exchange".

He regretted the 'inferiority complex' in the country in not giving proper recognition to the scientists. 'Our recognition was only after some other country appreciated our scientists', he said.

Prof. N. A. Nikam, who was the chief guest, cautioned against exporting mineral resources at the present faster rate.

'Our country was still a virgin country and Geologists had an important role in finding out new resources and in giving practical advise to the Government', he said.

The former Vice-Chancellor praised the vast strides of the Mysore University, particularly in the science departments, and said the Manasa Gangotri campus was one of the best.

Prof. Zakharoba of Moscow University said that research in metallurgy was absolutely essential in India today.

Thanking for the felicitations, Dr. Viswanathiah stressed the need for conserving minerals in the country.

He said the stabilisation of Manasa Gangotri, started by Sri K. V. Puttappa, was done by Prof Nikam.

Earlier, Prof. Sheik Ali, Head of the History Department, welcomed the gathering. Sri Mune Gowda proposed a vote of thanks.

Concern At Violent Methods

Mysore, March 3

Sri S. N. Hosali, Inspector-General of Police today viewed with concern the violent demonstrations in the northern districts of the State and destruction of property.

"There was a way about agitations. But unfortunately everyone believed that unless they resorted to destruction of property they are not recognised. This made the task of the police more difficult", he said.

The present force of one active policeman for every 15,000 people in the State was insufficient and steps were being taken to increase the strength, he said.

Mysore Bundh Is Only First Step

Mysore, March 11

The proposed "Mysore Bundh" on March 13 by the State Hita Rakshna Samithi of all parties in the city is only a first step to mobilise public opinion against the Centre's attitude towards Mysore in regard to the border and the Cauvery waters issue.

This was stated at a press conference held at the Mysore City (District) Congress Office by the Action Committee President, Sri H. Kempe Gowda.

Depending upon the autcome of the Mysore's delegation in New Delhi and the next step by the Chief Minister, it had been proposed to organise a Bundh all over the District, it was announced.

This was particularly required as Mysore District was one of three districts to be affected by the Centre's direction to stop work on Cauvery projects. The two other districts are Hassan and Coorg.

Referring to Dr. K. L. Rao's threat that no financial assistance would be given to Cauvery projects if work on them continued, it was told in the Press Conference that opinion had to be mobilised to advance irrigation tax to the State Government to go ahead with the works.

The Bundh on Friday would be peaceful. There would be a procession in the afternoon starting from the Town Hall through the main streets. Later a public meeting would be held at the Town Hall.

Examination-going students have been particularly requested to attend the examinations and the Bundh would not affect holding of examinations, it was made elear.

MYSORE GOING AGAINST 1924 PACT

NO CENTRAL AID FOR CAUVERY PROJECTS : RAO

Union Irrigation Minister K. L. Rao told Parliament that Mysore was clearly exceeding the scope of the 1924 agreement between Tamil Nadu and Mysore on the Cauvery waters.

He said Mysore State would not be entiled to Central aid if it proceeded with irrigation projects in the Cauvery basin without the sanction of the Planning Commission.

Dr. Rao said the Centre would be most unhappy if any State arbitrarily undertook projects either in excess of the sanctioned scheme or without settlement of river water disputes among the concerned State.

The Minister confirmed having written to the Mysore Chief Minister preferring settlement by negotiations and, in the meantime, not to proceed with work on the projects not yet approved by the Planning Commission.

Dr. Rao said Tamil Nadu wanted the Hemavathi, Harangi and the revised Kabini projects should be cleared in the light of the provisions of the agreement of 1892 and 1924 between the two States. The Kerala Government had also represented that the Kabini project would submerge areas with its boundaries and also they should have an equitable share of the waters of the tributaries of Cauvery flowing through Kerala.

TIPPU SULTAN DAY

Mysore, March 11

Sri Aziz Sait suggested that a Tippu Educational Society should be formed to run schools in the city. Sri Khaleel Ahmed Babak proposed a vote of thanks.

Double Standards By KL Rao

Some Opposition members in the Lok Sabha yesterday charged that Mysore would not get justice from the Centre on Cauvery waters as long as Irrigation Minister K. L. Rao continued to hold the portfolio.

Sri K. Lakkappa charged that Dr. Rao had used 'double standards' in not talking arbitration about some other projects. He wanted the Minister to go into voluntary exile. He denounced the 1924 agreement as outmoded and accused the Centre of making the dispute a political weapon.

Sri S. M. Krishna described Dr. Rao as an 'evil genius'. He said the 1924 agreement onCauvery was between two unequal partners and had no validity after the reorganisation of the States.

Vice-Chancellor D. Javare Gowda, who was in the chair, told the outgoing students that the reputation of Manasa Gangotri depended not on buildings in the campus but on hard work and research done by them.

Dr. K. B. Y. Thotappa, President of the Extra-Circular Activities Committee, welcomed the gathering. Secretary Puttiah read a report. Messrs. Venkataram, Mani, Shankaranayana Kalam, Smts. Sharada and Russian student Irena spoke on behalf of the students. Sri Lakshminarayan proposed a vote to thanks.

DEVIATION CANNOT BE HELPED

The delegation explained to the Prime Minister that present thinking of the Centre on the border issue had brought anguish to the people of Mysore.

The Mysore legislators in their four-page memorandun warned the Centre that its present attempt "to sabotage" the report of the Mahajan Commission was to shed off its responsibility and make Mysore a scape goat in the process. This would create frustration and far-reaching consequencs on law and order and economic stablity.

The delegation urged implementation of the Mahajan Commission recommendation in full.

A memorandum was also presented to President Giri who assured the delegation that he would ensure that justice was done to the State.

Implement Mahajan Report

CITIZENS' DEMAND

Mysore, March 14

The immediate implementation of the Mahajan Commission recommendations in toto was demanded by the public meeting held in the Town Hall yesterday in connection with the Mysore Bundh.

The meeting strongly voiced its protest against Centre's partisan attitude towards Mysore in regard to the boundary dispute and the Cauvery waters issue.

It supported the stand taken by the State Government and urged the Government not to stop work on Cauvery basin projects. It also wanted the Government to take suitable action to get the 1924 Cauvery waters agreement suitably modified to secure justice to Mysore.

The meeting was presided by Municipal President B. K. Puttiah.

Messrs. B. C. Lingiah, H. Kempe Gowda, Tara Subba Rao, A. Ramanna, Vedantha Hemmige, H. P. Mahadeva Shetty, Somasundara Sharma, S. Krishanamurthy and others spoke. Sri K. Viswanath welcomed the gathering.

Mysore Will Go Ahead With Cauvery Schemes, CM

Bangalore, March 14

Clearance or no clearance, aid or no aid, Mysore will not stop works undertaken in the Cauvery basin and, God willing, water will be stored in the Hemavathi and Kabini reservoirs in the next two years, Chief Minister Veerendra Patil declared in the Assembly yesterday.

His assurance was greeted with applause by the agitated members.

In a hard-hitting reply to the Union Irrigation Minister Dr. K. L. Rao, Sri Veerendra Patil said that Mysore had waited for 10 long years to get clearance from the centre and could wait no more. It was not befitting for any Central Government now to say that Mysore had been building its projects without getting its clearance.

He pointed out that if all the three projects, Hemavathi, Harangi and Kabini, were to be completed the total utilisation of water would be within the 45 TMC ft. which Mysore was entitled to under the 1924 agreement.

WINE EXPORT TO W. GERMANY

Mysore, March 30

Mysore City today stepped into an important field of axport with the release of the first consignment of 100 cases of "Soma" liqueur to West Germany.

Ato function held this morning, Industries Minister broke open a cocount and lit the lamp and released the new product of Sri S.K.Irani of the Amalgamated Wineries.

Sri Irani welcoming the gathering said it was a proud day for the city and the State as it was the first time that Indian wine was being exported to the home of wines itself, West Germany.

He hoped that with the first consignment more orders would be forthcoming. If the orders increased a modern distillery. would be set up at the 12-acre plot in the bannimantap industrial estate.

The liqueur, with the legendary name "Soma" was prepared out of eight or ten herbs, blended with honey and milk and thus was completely an indigenous one, he said.

Sri Rajasekhara Murthy praised the significant contribution of Sri Irani in the field of industry in the city. There was cry for more Industries in the city but some areas could develop due to locatioal attractions while some other cities remained without progress, he said.

He was happy that the liqueur was being exported to a hard currency area. So far our country was exporting conventional goods. But now there was a change in the variety of goods and they were being exported to non-conventional areas also.

The Minister stressed the need for maintenance of quality and cost and pro paganda machinery to increase our exports.

Sri D. S. Balraj, Excise Commissioner, said there was need to bring down the prices of table wine to the level of beer to create more demand. With this view the excise duty on wine had been reduced from Rs. 12 to 55 paise.

Although the Government was all out to encourage manufacture of liquor in the State, it was not its intention to make people get addict and give a filip to illicit distillation, he said.

APATHY TOWARDS TOURISM

MINISTER CRITICISES CIVIC BODY

Mysore, March 30

A site had been selected by the side of the Tourist Rest House at Krishnarajasagar to add 60 more beds to the existing 30 beds at the rest house. The work, to be undertaken by the State Housing Board, would begin soon.

This was disclosed by Sri Mohamed Ali, Minister for Tourism, while laying the foundation-stone of the MSRTC Guest House near the MSRTC bus depot here yesterday. Sri B. Rachiah Minister for Agriculture, presided.

Sri Mohamed Ali said that better utilisation of Lalitha Mahal was also pending consideration before the State Government. It was corresponding with the India Tourism Development Corporation to put up 100 beds at the palace.

The Minister criticised the City Municipality and the Trust Board for lack of interest in the promotion of tourism.

"The City Municipality and other authorities are least bothered about the development of tourism in Mysore. It appears as if development programmes are none of their concern. Even the Deputy Commissioner has never bothered to find out what is going on. If this attitude towards development programmes continued, I am doubtful if anything can be achieved", he said.

Site For Hotels

Mr. Mohamed Ali said that for a number of years he had been asking the Municipality to reserve good sites for new hotels. He had gone round the city to select suitable sites to invite hoteliers to construct hotels, but in vain.

Mysore City posed the twin promblens of accommodation and transport for the tourist. This became more severe during the Dasara. He had found in Krishnarajasagar that even a cup of coffee was sold at a very high price. Therefore, there was need to make proper catering arrangements also, he said.

Mysore City and the district had number of places to offer to the tourists, both inland and foreign. There was lot of scope for its exploitation, the Minister said and called upon the civic and other authorities to realise that the economy and prosperity of this city mainly depended on tourism.

He assured that all efforts would be made to make the city one of the destinations for all tourists, particularly the foreign tourists.

The Transport Minister explained the strides made by the MSRTC and said it was one of the biggest public transport undertakings in the country. It earned 11 paise per km., more than double compared to other States. Its punctuality was 91 per cent and breakdowns and accidents the lowest.

He said there was an ambitions programme to replace old buses and provide more facilities to the passengers. It had decided to organise conducted tours and it had necessitated construction of guest houses.

MSRTC Vice-Chairman M. D. Shivananjappa said that with the new debenture loan raised it would be possible to add another 200 to 300 buses.

Housing Board Chairman H.L. Thimme Gowda said that although the Board had intended to construct officials' quarters in Mysore, they could not find suitable sites. The Board proposed to spend about Rs. one crore every year for construction of houses at all district headquarters.

Hostel Type Guest House

He pointed out that it had been also proposed to construct a hostel-type guest house in the city with 100 rooms but the Trust Board had demanded a high rate for the site. If the Municipality or Trust Board co-operated, the guest house would be constructed here, Dr. Thimme Gowda said.

Minister Rachiah said that the revenue at Bandipur game sanctuary had increased by ten times and the toll at Krishnarajasagar from Rs. one lakh to Rs. 3 lakhs. This showed the scope for developmeat of tourism.

Tourists' Dormitory

He suggested construction of dormitory-type of accommodation for tourists coming on excursions and organising tours by the MSRTC at no-profit and no-loss basis for such tourists. He suggested to the Housing Board to construct buildings for offices in the city to save huge amounts paid as rents.

Earlier, MSRTC Executive Engineer D. S. Nagaraj welcomed the gathering. Divisional Controller D. V. Nadkarni proposed a vote of thanks.

MINISTER'S REMARKS RESENTED

WALK-OUT IN MUNICIPAL COUNCIL

Mysore, April 1

The Congress as well as the Opposition members in the City Municipal Council yesterday bitterly attacked the Transport and Tourism Minister, Sri Mohamed Ali, for his criticism here on March 29 that the City Municipality was least bothered about the development of tourism in Mysore.

Earlier, Opposition member Srikanta Sharma moved an adjournment motion to consider the Minister's 'aspersions and allegations' and to express the Council's 'indignation'. The motion was disallowed by President B.K. Puttiah. Following this, 11 Opposition members staged a walk-out.

Moving the motion, Sri Sharma termed Minister's criticisms as 'irresponsible' and detailed various steps taken by the Council to help promotion of tourism in the city.

Seconding the motion, Sri T. V. Srinivasa Rao criticised the functioning of the State Road Transport, the city bus service and the Regional Transport Office. These departments which come under Minister were full of corruption and provided least transport facility to the tourists and the public, he said.

The President at this stage disallowed the motion and permitted the members to discuss the subject in the general debate.

Sri B. C. Lingiah, leader of the Congress ruling party, said the Minister had never sought any co-operation from the Council. On the other hand schemes like Nehru Loka were in cold storge. Since one andhalf years not even one meeting of the Nehru Loka Committee had been convened to implement the scheme, he pointed out.

Another Congress member, Dr. P. D. Krishnaswamy in his bitter attack said the Minister's remarks were 'most uncalled for'. This 'mudslinging' by the Minister had hit the prestige of the Council.

MSRTC Criticised

Dr. P.D. Krishnaswamy criticised the functioning of MSRTC and the 'tall' claims of the Minister that its functioning was the best.

Sri J.M. Coutinho, also of Congress, said that the Minister had crossed the "border of decency and prudence". While places like Mangalore got financial help to develop the city, Mysore had received "step-motherly treatment", he said.

Leader of the Opposition B. N. Kenge Gowda said the Minister had spoken without ascertaining facts and without even caring to consult the Municipality.

Smt. Soundaramma, Messrs. Vedantha Hemmige, L. Chikkarangappa and M. K. Lingiah also spoke criticising the Minister's remarks.

President Puttiah assured the members that he would convey their resentment to the Chief Minister as well as the Transport and Tourism Minister.

He said the Municipality had not even one small land suited to put up a hotel and the Minister had made criticisms without knowing the correct position.

Topplers Unlimited

Bangalore, April 1

MINISTER'S REMARKS RESENTED

WALK-OUT IN MUNICIPAL COUNCIL

Mysore, April 1

The Congress as well as the Opposition members in the City Municipal Council yesterday bitterly attacked the Transport and Tourism Minister, Sri Mohamed Ali, for his criticism here on March 29 that the City Municipality was least bothered about the development of tourism in Mysore.

Earlier, Opposition member Srikanta Sharma moved an adjournment motion to consider the Minister's 'aspersions and allegations' and to express the Council's 'indignation'. The motion was disallowed by President B.K. Puttiah. Following this, 11 Opposition members staged a walk-out.

Moving the motion, Sri Sharma termed Minister's criticisms as 'irresponsible' and detailed various steps taken by the Council to help promotion of tourism in the city.

Seconding the motion, Sri T. V. Srinivasa Rao criticised the functioning of the State Road Transport, the city bus service and the Regional Transport Office. These departments which come under Minister were full of corruption and provided least transport facility to the tourists and the public, he said.

The President at this stage disallowed the motion and permitted the members to discuss the subject in the general debate.

Sri B. C. Lingiah, leader of the Congress ruling party, said the Minister had never sought any cooperation from the Council. On the other hand schemes like Nehru Loka were in cold storge. Since one andhalf years not even one meeting of the Nehru Loka Committee had been convened to implement the scheme, he pointed out.

Another Congress member, Dr. P. D. Krishnaswamy in his bitter attack said the Minister's remarks were 'most uncalled for'. This 'mudslinging' by the Minister had hit the prestige of the Council.

MSRTC Criticised

Dr. P.D. Krishnaswamy criticised the functioning of MSRTC and the 'tall' claims of the Minister that its functioning was the best.

Sri J.M. Coutinho, also of Congress, said that the Minister had crossed the "border of decency and prudence". While places like Mangalore got financial help to develop the city, Mysore had received "step-motherly treatment", he said.

Leader of the Opposition B. N. Kenge Gowda said the Minister had spoken without ascertaining facts and without even caring to consult the Municipality.

Smt. Soundaramma, Messrs. Vedantha Hemmige, L. Chikkarangappa and M. K. Lingiah also spoke criticising the Minister's remarks.

President Puttiah assured the members that he would convey their resentment to the Chief Minister as well as the Transport and Tourism Minister.

He said the Municipality had not even one small land suited to put up a hotel and the Minister had made criticisms without knowing the correct position.

Centre Discards Pataskar Formula

The Central Government may introduce legislation for the settlement of the Mysore-Maharashtra border dispute during the current budget session of Parliment.

Sri Gowda the leader of the third all party Mysore legislatures' delegation told newsmen yesterday that his impression was that while there would be a departure from the recommendations of the Mahajan Commission, the Centre's final decision would not be based on the Pataskar formula as demanded by Maharashtra.

The delegation had made it clear to the Central leaders that any departure from the Mahajan Commission's verdict would be resisted by Mysore.

The delegation submitted a 20 page memorandum to the Prime Minister on thursday. It referred to the Bill and said that "though apparently it is designed to evolve a policy applicable to the whole country, its timing, motivation and immediate effect would be to sabotage the Mahajan award."

Sri Gowda said one of the Ministers clearly told him that the Union Government was not likely to accept the Mahajan report in toto as demanded by Mysore.

The Minister also rejected the village-unit theory put forward by Maharashtra. Any Central decision would lead to some consequences and the sooner they were faced the better, the Minister told Sri Gowda.

In memorandum it is said is Mysore is forced, it will fight back. On this issue, all parties in Mysore are united.

Governor's Tributes To Chowdiah

Mysore, April 17

Sri T. Chowdiah was remembered not only as a master of the violin but also as having given an altogether new dimension to the art of music, Governor Dharma Vira paid tributes to the renowned violinist here yesterday.

He was unveiling a portrait of the late T. Chowdiah and inaugurating a 10-day Sri Ramanavami music programmes oraganised by Sri Chowdiah Smaraka Rama Seva Samithi at Chamarajapuram.

The Governor said that by dint of hard practice and with a sense of dedication to the art, Sri Chowdiah achieved eminence when he was still young.

By the impress of his musical personality and genius, the violinist transformed the medium of his expression beyond its limited capacity, always adhering to classical traditions.

Sri Chowdiah was able to achieve an individual and personal style of his own. His mastery over the 7-stringed violin was some-thing remarkable. For him his art was his life. It was the music of such masters which outlived them and was a gift to posterity, Sri Dharma Vira said.

The Governor suggested to the Samithi to institute scholarships to young students in music.

Industries Minister Rajasekhara Murthy, releasing the souvenir, assured help to the Samithi in its efforts.

Sri K. Srikantiya, Samithi President, welcoming the gathering, said it had been proposed to construct a music hall in memory of Sri Chowdiah and appealed to the Trust Board and the Municipality to allot a suitable site. He appealed to the Government and the public for liberal donations.

Sri Srikantiya also urged the Municipality to name a street in the name of Sri T. Chowdiah and another after Sri Vasudevacharya.

Sri M. K. Satish read the messages. Smt. Leela Ramnath proposed a vote of thanks.

MYSORE-B'LORE RAIL CAR SOON

Mysore, April 21

The rail car service between Mysore and Bangalore will definitely begin operating within a month or two, assured Sri S.G. Raman, Divisional Superintendent of the Southern Railway here yesterday.

The Divisional Superintendent was addressing the members of the Mysore Chamber of Commerce and Industry.

He pointed out that a number of firms had joined together in indigenous manufacture of the rail car and its engine. The first prototype had involved a series of field trials and detection of defects. The well known engineer, Sri Suri, was also associated in rectifying these defects. Many of them had been got over.

The electrification of Mysore-Bangalore line was desirable because of cheap power offered by Mysore Government. But it would not be feasible as it involved heavy capital investment involving foreign exchange and the poor traffic. The goods traffic was only 2,500 tons per day on this line whereas the heaviest on the Southern Railway was 35,000 tons on the Vijayawada line for the electrification of which no funds had been allocated, the DivisionalSuperintendent, said.

Although the railways are very much interested in the conversion of this metre gauge line, Mysore has to develop industrially for justifying broad gauge, he said.

Chamarajanagar Link

The proposal for a railway line between Chamarajanagar-Satyamangalam had no life at present and no re-survey had been ordered yet, Sri Raman said.

The railways, he said, were ready to introduce a container service to Mysore also enabling direct link to Bombay provided sufficient goods traffic came forward.

Sri P. R. Hariharan, who presided, introduced the chief guest and Secretary R. Vasudeva Murthy proposed a vote of thanks.

Bank Loan To Ryots

Mysore, April 27

A scheme of financing primary credit co-operative socieites in the district by the State Bank of Mysore was implemented yesterday with the disbursement of first crop loan to the members of the Heggadahalli Service Co-operative Society at Nanjangud taluk.

Law Minister K. Puttaswamy disbursed the loan to the first ten ryots. A sum of Rs.60,000 will be disbursed to 99 ryots. In the initial stage Rs. 16,000 would be disbursed in the form of cash and fertilisers.

The Minister said that the entry of commercial banks in helping the weak co-operative socieities by advancing loans although indicated failure of co-operative movement, it had to be welcomed as needy ryots would benefit to a great extent.

Devanagari As Common Script

JAVARE GOWDA'S SUGGESTION

Mysore, May 8

Vice-Chancellor Javare Gowda suggested here yesterday Devanagari as the common script for the country.

Inaugurating the Summer School of Linguistics, Prof. Javare Gowda said the Devanagari script might be had as the basis and the letters culled out from the rest of the languages might be interposed, with little alterations in the shape if necessary.

This suggestion, he said, might seem quite fantastic to some people, but can become real and practical when implemented A start might be made in all earnestness and the whole process completed in a decade's time.

The Vice Chancellor called upon linguists to bestow their attention to vital problems like common script, medium of instruction and number of languages students had to learn.

A linguist could not afford to be neutral on vital issues. Neutrality would be a weakness in the academic field. The problems had to be tackled scientifically having regard to the principles of education, he said.

Earlier, Dr. D.P. Pattanayak, welcoming the gathering, said that the summer school was being organised under the joint auspices of the University of Mysore, the Linguistic Society of India and the Central Institute of Indian Languages.

About 120 linguists from different parts of the country were taking part in this 16th summer school, he said.

Dr. U. P. Upadhyaya proposed a vote of thanks.

CITY IDEAL FOR AGRO-INDUSTRIES

FAVOURS HUNGARIAN TEAM

Mysore, May 13

Mysore city and Hospet have been particularly named for setting up agro-industries in the draft report by the Hungarian delegation which visited the State recently.

Disclosing this here today Deputy Industries Minister A. P. Appanna said the State Government was awaiting the final report of the delegation. The final report would be circulated among all the Chambers of Commerce and Industries and the Small Scale Industries Associations to attract entrepreneurs.

Addressing the members of the Mysore Chamber ofCommerce and Industry, he said Mysore city and Hospet had been highlighted because of their nearness to agricultural areas, Cauvery-fedMandya area and the Tungabhadra area.

The Hungarian team had also offered to collaborate with entrepreneurs who would start agro-industries in these areas. They had mentioned scope for manufacture of starch and food products. Mysore was particularly suited for Mango processing, the Deputy Minister said.

Sri Appanna explained the various concessions offerd by theState Government to attract industries and said it was even ready to give free land to new industries started in Mysore city.

He said the main hurdles in city were of land, stringent bifurcation of areas by Trust Board and lack of octroi exemption.

The Minster asked the Muncipality to implement the Government's decision on octroi exemption and create better atmosphere for new industries.

Civic Chief B. K. Puttaiah disclosed that the Municipal Council would soon take a decision to reduce water supply rate to industries by one rupee.

Chamber President F.K. Irani explained various problems of the small scale and other industries in the city and wanted land at cheaper rate, octroi exemption and water concession. Small industries will have scope only if big industries werestarted, he said.
